

How to Use the Interactive Map

Viewer Map Navigation

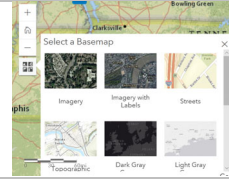

The following tools are used for navigation around the interactive map.

Navigation Tool	Description	Example
	The 'Plus' button zooms the map in to allow you to see more detail in the map	
	The 'Minus' button zooms the map out to allow you to see less detail in the map	
	The 'Home' button takes you back to the default area of the reservoir as it was first loaded on the map	

The **'Basemap'** icon allows you to select different background map options

Legend

In order to understand what the different colors on the map mean, you may access the Legend of the map by clicking the 'Open Legend' icon: 

Once the Legend is open, click on the right-facing arrow beside the layers that you want more information for. You can turn layers off or on by checking or unchecking the box to the left of the description. Please note that the color scheme is the same for the Proposed Tellico Reservoir Land Management Plan layer and the 2000 Tellico Reservoir Land Management Plan layer. It is advisable to only have one of these layers checked or on at a time.

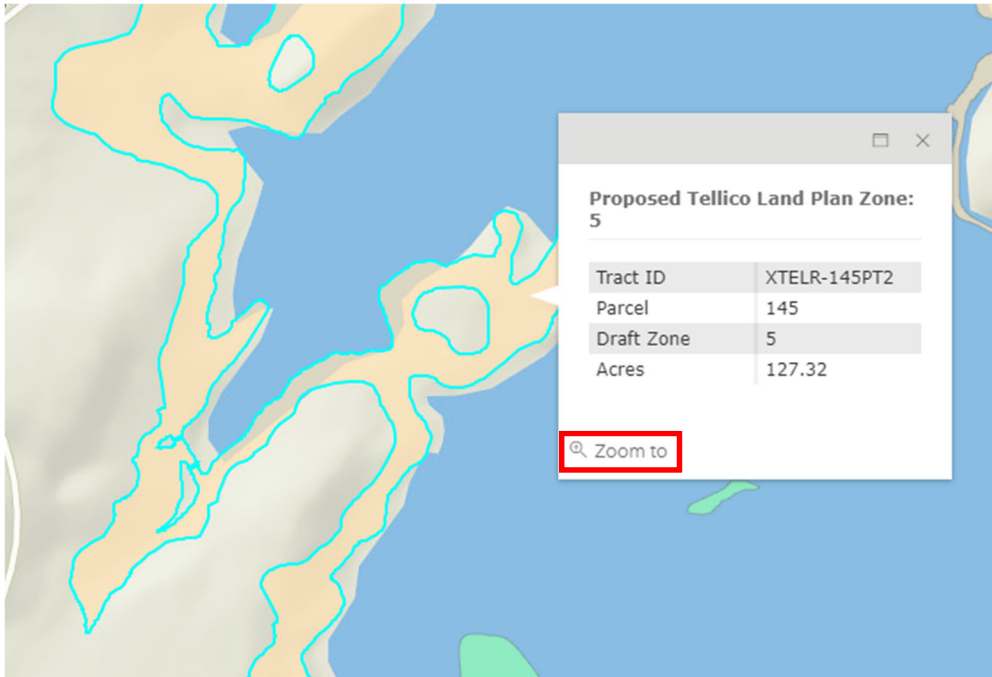

The Legend panel is shown with three layers: 'Private Recreation Easement Qualifier - *See Recreation Easement FAQ for more information' (checked), 'Proposed Tellico RLMP' (checked), and '2000 Tellico RLMP' (unchecked). A red box highlights the unchecked checkbox for '2000 Tellico RLMP' with the text: "Click to turn this layer on. Unchecked boxes are off. Checked boxes are on." Another red box highlights the right-facing arrow next to the 'Private Recreation Easement Qualifier' layer with the text: "Click here to show the definitions of different colors".

The Legend identifies the Land Plan Zones that are visible in the map. Click 'Close Legend' icon (see below) to return to previous display.

The map displays various land plan zones. A legend on the left lists the zones: 'Draft Zone 2 - Project Operations' (blue), 'Draft Zone 3 - Sensitive Resource Management' (orange), 'Draft Zone 4 - Natural Resource Conservation' (green), 'Draft Zone 5 - Industrial/Commercial' (yellow), 'Draft Zone 6 - Recreation' (red), 'Draft Zone 7 - Residential Development' (purple), 'TRDA' (pink line), 'TVA' (purple line), 'Proposed Tellico RLMP' (checked), and '2000 Tellico RLMP' (unchecked). A red box highlights the 'Close Legend' icon (a double left arrow) at the top of the legend panel.

Parcel Information

Use the cursor to move across the map and **click on any colored polygon or line** to display additional information.

You can even use the **Zoom To** button to zoom further into the map.

Land Plan Zone Definitions
